Intent and Recommendations for visit:

I am planning to volunteer my services free of charge to the people of the Solomon Islands, in compliance with the rules and regulations of your country and my own country. I have received hospital permission from the director of medical services at the hospital I am to be placed. I will be volunteering as part of the not-for-profit registered charity DAISI (Doctors Assisting In Solomon Islands), with the listed office bearers below being available to vouch for my suitability. I will practice safely, ethically and within my usual scope of practice during my stay in the Solomon Islands and only during the time listed on my temporary registration.
